SUMMARY

Full-Stack Software Developer experienced in building scalable applications using **TypeScript, React, Node.js, PostgreSQL,** and **Redis** with hands-on experience developing and optimizing production systems.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Java
- **Frontend:** React.js, React Query
- **Backend:** Node.js, Express
- **Database:** PostgreSQL, Redis
- **Cloud:** AWS (IAM, S3, Rekognition)
- **Tools:** git, Postman

EXPERIENCE

LarkLabs.ai - Calicut | Software Developer **06/2025** - PRESENT

- Developed a standalone **Customer Relationship Management (CRM)** module using TypeScript, Express, PostgreSQL, Redis, and React Query to manage, segment, Segregate tier, emails using customer data.
- Improved application performance by **reducing load time from 1000+ ms to under 200 ms** through caching and query optimization, increasing responsiveness by ~20%.
- Implemented **AWS Rekognition–based face login** with liveness detection to strengthen authentication
- Integrated a **voice assistant** into an existing production module using OpenAI APIs.

PROJECTS

Role-Based Project Collaboration Full-Stack System (Team Tasker)
LarkLabs.ai | Node.js, Express.js, Ts (for APIs), PostgreSQL, Redis (Stash), Tailwind CSS, JWT, RBAC

- Built a full-stack project collaboration platform with **RBAC and JWT**-secured **TypeScript (APIs)**. Integrated real-time task updates via Socket.IO and Redis caching using the Stash pattern.

Smart Patient Treatment Recommendation using GLCM and DNN

- Built an AI-based system to detect multiple diseases from fundus images using **DNN** and **GLCM**-based texture analysis
- Gained hands-on skills in image preprocessing, feature extraction, deep learning, and application design.

INTERNSHIPS

Agnie consulting- Ekkattuthangal, Chennai (Onsite) 06/2024 - 07/2024

- Focused on creating Classical Reports, ALV (ABAP List Viewer) reports, and Interactive Reports.
- Introduced to the fundamentals of entrepreneurship and business models.

Edunet Foundation-AICTE-REMOTE 06/2024 - 07/2024

- Developed, tested, and deployed features on web applications using HTML, CSS, JavaScript.
- Developed a foundation of essential soft skills for engineers.

CERTIFICATIONS

- Full stack development-QSpider's 01/2025 – 06/2025
- Communicating with Impact by IBM Skills Build 06/2024

EDUCATION

- **B.S. ABDUR RAHMAN CRESCENT INSTITUTE OF SCIENCE AND TECHNOLOGY**
  B.Tech in Computer Science Engineering- **8.0** 2021 - 2025
